Why This Reunion Matters

VP-60, the Cobras of Naval Air Station Glenview, served with pride, precision, and professionalism through the Cold War and into the early '90s. We flew the P-3 Orion with grit and determination, answering the call for readiness, training, and operational support around the world. Though the squadron was decommissioned in 1994, the Cobra spirit has never faded.

Our reunions are a testament to that enduring bond. Past gatherings have brought shipmates back together from all corners of the country—whether it was the camaraderie over a cold one, stories swapped late into the night, or a shared moment of remembrance for those no longer with us.

Let's make the 2026 reunion our biggest one yet.

Planned Highlights

- **Meet & Greet:** Get reacquainted and share some laughs as the sea stories begin.
- **Formal Dinner & Toast:** Celebrate our service, honor our shipmates, and raise a glass to the Cobra legacy.
- **Group Photo & Roll Call:** We want to capture the moment—be sure to wear your Cobra gear!
- **Entertainment opportunities are immense in Branson!**
